

The Logan Lake TV Society

An all-volunteer group.

The Logan Lake TV Society, was founded the 1970's, to broadcast 2 channels of TV to Logan Lake. At the time, direct-to-home satellite TV did not exist and reception of distant TV & FM stations was *(and still is) almost impossible*, due to our high, mountainous terrain; so we needed something!

Over the years, the system has grown until now we broadcast more channels of **over-the-air, Digital TV** per capita, than anywhere in North America! Our little town boasts 28 Digital channels, including an on-screen program guide. We offer virtually every major Canadian and US network, as well as 2 all-Sports networks, a movie channel and a variety of speciality channels. **All you need is an antenna on the roof!** *(If have a new home in the Ironstone development, that's not quite true, so call us at: 250.320.6215.)*

Remember, when you set up your TV, or Set-top-box, you'll need to run the "Find Channels" in the menus, before you can receive our signals. Consult your instruction manual or "HELP" section of our web-site – www.LLTVS.ca.

Should you experience any problems setting up your system, there is a wealth of information on TV's, antennas, set-top-box's, schedules, the community scroll and more, in the "help" section of our website. **www.LLTVS.ca** The system is owned by the good people of Logan Lake, but operated by the Logan Lake TV Society – a small, non-profit group of dedicated volunteers. **If you'd like to get involved... call us at: 250.320.6215.**
